

Strange Craft Being Chased By Two Military Jets

02/01/2015
 Tempe, Arizona
 7:40 PM

Witnessed from:
 33° 24' 12.4884" N
 111° 56' 0.7800" W

Weather conditions were clear,
 no wind and no clouds at the time.
 Full moon was out in eastern part of sky.

Brief Description of Events

At 19:40 on Feb. 1st, 2015, I witnessed a strange looking craft flying north over my neighborhood. I estimated the altitude to be around 10,000 ft. The object turned 90° without losing speed and seemed to accelerate towards the end of the turn. I then witnessed two military jets fly overhead at approx. the same altitude towards the craft. At the time I saw the jets, they were about 15 seconds behind the craft. My mother came outside at this time and also witnessed the object with the jets in pursuit.

- Path of the Object —————
- Path of the two Jets —————
